

Assignment 2

1. Take two values through command line argument & print their sum.

A: Public class command line arguments.

```
{  
    public static void main (String [ ]  
        args) .
```

```
{
```

```
    int a =
```

```
        Integer.parseInt (args [0]);
```

```
    int b =
```

```
        Integer.parseInt (args [1]);
```

```
    int sum = a+b;
```

```
    System.out.println ("Sum is" + sum);
```

```
}
```

```
}
```
